- (A)  (8+1)
- (B)  (10+1)
- (C)  (3+1)
- (D)  (8+1)
- (E)  (2+1)

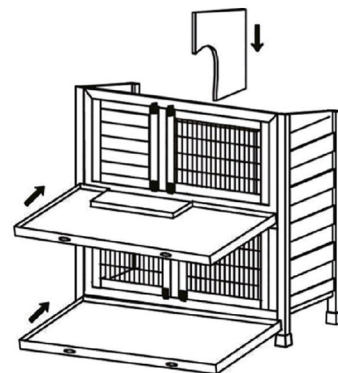

1. Attach the front panels(top and bottom) to the left and right panels using 8 xA screws.

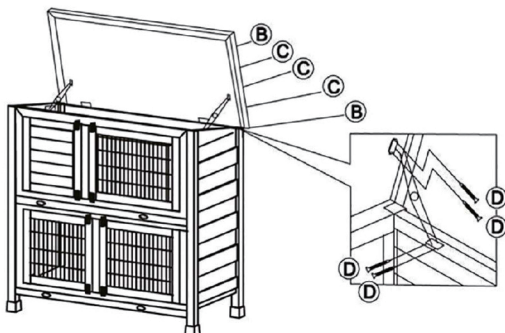

2. Secure the back panel(bottom) to the left and right panels with 4 xB screws. Place the floor (on the left side).

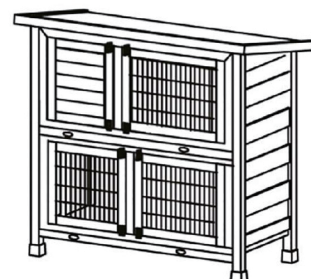

3. Secure the back panel(top) to the left and right panels with 4 xB screws. Place the wooden strips to fix the ladder location. Fix the ladder with 2 xE screws.

4. Slide in the top tray and bottom tray and the partition.

5. Attach the roof to the back panel(top) using 2 xB and 3 xC screws. Fix the hinges to the left and right panels and the little piece of wood on the underside of the roof.

6. Your cottage is now ready!
